

Holographic Series #240; #241; #242; #243; #244

- Premium quality, salon standard nail polish with advanced wear characteristics, chip resistance and outstanding gloss
- 5 innovative colours that generate multiple colour effects in the bottle and on the nail
- Contemporary shades with broad target market applications
- Available to all customers in bottled or bulk quantities

Holographic Series

Both in the bottle and on the nail, these new colours generate a variety of colour effects in different light conditions. Through the use of new colour effects, the 5 additions to the Lumineye range are strong, bold colours with applications to various age groups in professional and retail settings. No dark base coats are required to generate the maximum effect on the nail. Described below are the various colour combinations achieved with the effects involved.

NEW COLOUR DETAILS

LNI Colour # 240: Orange, light brown or tan effect in the bottle. Colour travel involves orange/pink/gold chromatic effect.

LNI Colour # 241: Green, mauve, gold effect in the bottle. Colour travel involves luminescent green/gold effect in the bottle. Perfect for the Commonwealth games 06!

LNI Colour # 242: Blue, mauve, gold effect in the bottle. Color travel involves gold/blue/violet chromatic effect on the nail.

LNI Colour # 243: Aqua, blue, green effect in the bottle. Color travel involves turquoise /green/blue chromatic effect on the nail. Another tip for the Comm Games uniforms next year.

LNI Colour # 244: Blue, violet, purple effect in the bottle. Color travel involves pink/red/purple chromatic effect on the nail.

Due to the unique nature of the colour effects involved, these colours have pricing outside of our published price list for our standard range of crème colours. Please contact at the numbers below for detailed quotations for adding these colours to your range.
