

# Nonycosine-E Nail Serum Intensive Strengthening Treatment & Color Optimizer

(Toluene, Formaldehyde & DBP Free )

- Targeted and fast-acting delivery system
- Effective treatment for soft & weak nails while enhancing adhesion nail color/treatments

*A unique dual-action nail care product that will cleanse & prime the nail plate with a Multifruit complex of alpha hydroxy (lactic & glycolic) acids. It will also deliver a nail strengthening agent [Nonycosine-E] directly to the nail plate. This intensive nail strengthening treatment will help even the weakest & softest nails become stronger. The strengthening of the nails will promote nail growth by diminishing breakage.*

Special notes: For optimal application control, apply with a short & rigid brush  
Keep away from cuticles and surrounding nail areas. Apply to the nail plate only.
