

Pearl Illusion Series #237; #238; #239

- Premium quality, salon standard nail polish
- 3 light shades with a stunning “colour travel” pearl effect
- Available to all customers in bottled or bulk quantities

Pearl Illusions

These new colour effects are presented in light polish shades, providing the maximum opportunity for the effects to catch the light. At certain angles the nail takes on a dramatic luminescent appearance in a variety of pearlescent colours while at other angles the nail looks clear creating the pearl “illusion” effect.

NEW COLOUR DETAILS

LNI Colour # 237: Light polish shade with red/pink pearl illusion effect in the bottle that generates a pink/red luminescent effect on the nail at certain light angles.

LNI Colour # 238: Light polish shade with yellow/gold/violet pearl illusion effect in the bottle that generates a gold luminescent effect on the nail at certain light angles.

LNI Colour # 239: Light polish shade with pale lime green/violet pearl illusion effect in the bottle that generates a green luminescent effect on the nail at certain light angles.

Due to the unique nature of the colour effects involved, these colours have specific pricing outside of our published price list for our standard range of crème colours. Please contact Peter Herring at the numbers below for quotations.
