

## **STRENGTH + Clear Strengthening Lacquer**

(Toluene, Formaldehyde & DBP Free)

- Nail Strengthener
- Enriched with Protein, Calcium & Vitamin E
- Helps strengthen & protect nails
- Improves nail enamel wear

### **PRODUCT DESCRIPTION**

A clear nail lacquer fortified with Wheat Protein, Calcium & Vitamin E. It is specifically formulated for soft & weak nails that tend to bend and break easily. It may be used as a base coat, topcoat, or clear for a natural look.

As a base coat, this product provides excellent adhesion to the nail. This allows for improved inter-coat adhesion between the nail and the nail enamel. As a top coat, it provides a glossy finish. Alone, it will provide external reinforcement for the nails so that they have support while looking natural.

This all purpose product is particularly useful as a “travel” product where one bottle contains a base coat, top coat, strengthener or simply a natural, high gloss finish quickly and easily.
