Super Melt Acrylic and Gel Nail Softening Agent

- High concentration formula
- Effective for rapid removal of acrylic and UV cured enhancements

Super Melt has been formulated to act quickly to degrade and soften artificial nail enhancements. Using a higher concentration of active ingredient than normally found in similar products, Super Melt has the ability to reduce the time taken to remove enhancements allowing for faster client turnaround.

Super Melt is packed in a 15ml amber bottle with child resistant leak proof cap that also contains a brush for easy application straight from the bottle. Keep the leak proof cap tightly closed to prevent degradation of the product when not in use.

INSTRUCTIONS FOR USE

Using the brush provided inside the bottle attached to the child resistant cap, apply Super Melt to the surface of enhancements and wait for the product to act. When the acrylic or gel has softened, remove the debris with a coarse file.

**CAUTION
KEEP OUT OF REACH OF CHILDREN
READ SAFETY DIRECTIONS**

WARNING STATEMENTS: FLAMMABLE. Vapour is harmful to health on prolonged exposure. Forms dangerous gas near radiators or naked flames.

SAFETY DIRECTIONS: Avoid contact with eyes and skin. Avoid breathing vapour. Do not smoke while using this product. **DIRECTIONS FOR USE:** DO NOT SWALLOW. Using brush apply to acrylic surface and wait for acrylic to degrade. Remove debris with coarse file. **FIRST AID:** If poisoning occurs seek a doctors advise or Poisons Information Centre on ph: 13 11 26. If swallowed, do not induce vomiting. Avoid giving milk or oils. If in eyes, wash out immediately with water. If inhaled, remove from contaminated area. Apply artificial respiration if not breathing. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. **CONTAINS:** Dichloromethane 60-90%; Methanol 10-40%
